QUESTION 1

A new classification has been defined and the developer is ready to create the new classification\\'s local root. From the Hierarchy pane the focus is placed on the Classification root node and the option New is selected. The new classification does not show up as an option in the Hierarchy pane drop-down as a valid child that can be added to the root.

What could be wrong?

A. The new classification\\'s form has not been added to the Includes/Forms tab of the new classification\\'s form.

B. The new classification\\'s form has not been added to the Includes/Forms tab of the root classification form.

C. The new classification\\'s form has not been added to the Includes/Forms tab of the classification business object (BO).

D. The new classification\\'s form has not been added to the Includes/Forms tab of the new classifications BO.
