QUESTION 1

Matthew has embedded a video in his Web page using the HTML5 video format. The video is not rendering properly. He asks Arlene to help determine the problem, so she reviews his code, which appears as follows:

Your browser does not support the HTML5 video element.

What is wrong with this code?

- A. The ogg video format is not supported by HTML5.
- B. One of the video tag instances has not been properly closed.
- C. The browser plug-in information required to view the video is missing.
- D. The second instance of the element should be replaced with the element.

Correct Answer: D

QUESTION 2

When using cloud-based services to host company data, a company's disaster recovery plan should include strategies for:

- A. creating redundancy and ensuring there is an exclusive contract with the cloud service provider.
- B. distributing data and software services across multiple cloud service providers.
- C. creating redundancy and using multiple cloud service providers.
- D. using a single well-established cloud service provider.

Correct Answer: C

QUESTION 3

Which organization is responsible for managing domain names so that each one is unique, and (once registered) cannot be used by an unauthorized individual or organization?

- A. ICANN
- B. W3C
- C. IEFT
- D. RFC

Correct Answer: A

QUESTION 4

John is the network administrator for a small company. The company's network equipment has become outdated, and John has been asked to recommend a plan to update the company's infrastructure. John has read extensively about the many advantages of using cloud-based services. Which of the following is an advantage of cloud-based services that John could cite to support his recommendation?

- A. Unlimited service options and choices
- B. Higher security in a cloud-based environment
- C. Elimination of need for high-speed Internet connection
- D. Elimination of equipment purchase and maintenance

Correct Answer: D

QUESTION 5

You have just finished designing a Web site to support a charity organization's fund-raising efforts. You need to meet with the board members to get their feedback and address some questions before you implement the final design. The board members are dispersed throughout the country and want to avoid spending charity funds on traveling to this meeting. Which of the following solutions would best support the charity and provide you with an opportunity to discuss the design as a group?

- A. Plan a Web conference using a service such as WebEx or GoToMeeting that supports screensharing and phone conferencing.
- B. Plan a Webinar that reviews the layout of the site and request that board members submit their feedback by e-mail after the Webinar.
- C. Create a PowerPoint slideshow that contains pictures of your Web site design and create a survey to gather the board members' feedback.
- D. Create an audio Webcast and distribute it to the board members over the Internet.

Correct Answer: A
