QUESTION 1

What are three features of vCloud Connector? (Choose two.)

- A. Deploy virtual machines using catalog templates and modify existing VMs using vCloud Connector.
- B. View and administer Dedicated Cloud, Virtual Private Cloud, and Disaster Recovery resources on vCloud Air using vCloud Connector.
- C. Use the Offline Data Transfer option to transfer large amounts of data from the on-premises private data center to vCloud Air data center.
- D. Stretch deploy using Datacenter Extension, where the private data center is extended to a public vCloud.
- E. Sync content by setting up a Content Library to distribute and synchronize templates across clouds.

Correct Answer: BD

QUESTION 2

Which three statements represent features and functionality of the vCloud Air vSphere Client Plug-In? (Choose three.)

- A. Move workloads from vCloud Air to the on-premises datacenter.
- B. View and administer Dedicated Cloud, Virtual Private Cloud, and Disaster Recovery resources on vCloud Air.
- C. Browse and modify cloud instances and manage inventory of virtual data centers, gateways, and networks.
- D. Deploy virtual machines using catalog templates and modify existing virtual machines.
- E. Create new catalog templates and virtual machines.

Correct Answer: ABD

QUESTION 3

Which three networking services can be configured in a vCloud environment's Edge Gateway device? (Choose three.)

- A. Bandwidth Allocation
- B. Firewall
- C. Network Address Translation
- D. Load Balancing
- E. NFS

Correct Answer: ACE

QUESTION 4

Which three options represent advantages on implementing VXLANs? (Choose three.)

- A. VXLANs provide distributed firewall services.
- B. VXLANs allow compute resources to be pooled across non-contiguous clusters.
- C. VXLANs allow full-encapsulation at Layer 2, which provides network security.
- D. VXLANs provide the ability to deploy completely customizable networks.
- E. VXLANs provide end-to-end data-link level encryption.

Correct Answer: BCE

QUESTION 5

Which cloud service provides isolation from noisy neighbors?

- A. Disaster Recovery Cloud
- B. Dedicated Cloud
- C. Virtual Private Cloud
- D. Isolated Cloud

Correct Answer: B
