QUESTION 5

Assume today is November 15, 2015, and you are getting ready to implement new standard costs for the new year. Your cost planning scenario has a January 1, 2016 effective date. An item has three work definitions. One work definition has an October 1, 2015 effective date. A second work definition has a December 1, 2015 effective date. A third work definition has a January 2, 2016 effective date. How will the application select the work definition?

- A. It will use the work definition with the January 2, 2016 effective date.
- B. Depending on the selection criteria, it will use the work definition with the December 1, 2015 effective date or the work definition with the October 1, 2015 effective date.
- C. It must always use the work definition with the October 1, 2015 effective date.
- D. You will receive an error because the application will detect that all three are plausible, and it will be unable to determine which one to choose.

Correct Answer: D
