QUESTION 1

You need to tell Contoso which additional SA benefits the company will receive if it signs an Enterprise Agreement.

Which two SA benefits should you identify? Each correct answer presents a complete solution.

- A. Windows Virtual Desktop Access (VDA) rights
- B. Microsoft Desktop Optimization Pack (MDOP)
- C. Planning Services
- D. Training Vouchers

Correct Answer: CD

Key benefits of Software Assurance include:

(C) Planning Services to enable efficient deployments (D) In-person and online training for IT pros and end users Rights to new software releases during the term of your agreement at no additional cost Access to unique technologies available only to Software Assurance customers Ways to spread payments over time

QUESTION 2

A Datum plans to implement the VDI.

You need to recommend a solution to ensure that the sales office users can access their corporate desktop from a company-owned iPad. The solution must be the most cost-effective solution today and must ensure that the company meets the licensing requirements of the planned IT strategy.

Which two licenses should you include in the recommendation? Each correct answer presents part of the solution.

- A. A Windows Virtual Desktop Access (VDA) license for each tablet
- B. A Windows Companion Subscription (CSL) license for each primary device
- C. A Windows 8.1 Enterprise Upgrade license for each tablet
- D. An RDS User CAL for each sales office user

Correct Answer: AD

A: VDA licensing is the recommended license for VDI access devices that do not qualify for SA. VDA provides organizations with the ability to license Windows for use via devices that do not traditionally come with a Windows license, such as

thin clients, smartphones, and tablet devices. Organizations can also use VDA to license devices that the organization does not own, such as employees' home PCs and contractor devices.

D: The RDS CAL is the primary license for Microsoft VDI. It offers the flexibility to deploy both VDI and RDS Session Virtualization so that you can provide access to full desktop and shared desktop experiences. You must purchase one RDS

CAL for each device or user that accesses VDI. A

* Scenario: A Datum plans to implement a Virtual Desktop Infrastructure (VDI) by using Remote Desktop Services (RDS) on Windows Server 2012 R2.

In line with the VDI implementation, all of the sales office users will be issued a tablet. A Datum wants to enable the users to work from their home computer as well, as the need arises. In addition, the company plans to enable a Bring Your

Own Device (BYOD) strategy.

QUESTION 3

A customer plans to deploy its Microsoft Exchange Server infrastructure to run in a third-party hosted environment. The customer needs to know which Software Assurance (SA) benefits to use for the planned deployment. Which SA benefit should the customer use?

- A. Enterprise Sideloaded Rights
- B. License Mobility within Server Farms
- C. Fail-over server rights
- D. License Mobility through SA
- E. Roaming Use Rights

Correct Answer: C

Passive fail-over rights are now a benefit of Software Assurance (SA)

QUESTION 4

Which two goals are met by the company's current licensing solution given the planned changes? Each correct answer presents part of the solution.

- A. A Datum must run the most up-to-date versions of the desktop platform products to access the custom application.
- B. A Datum wants the users to be able to access their corporate desktop from their home computer.
- C. A Datum wants to deliver Windows and Office in a virtual desktop to the users.
- D. A Datum wants to be able to install multiple virtual desktops on the device of each user.
- E. A Datum wants the flexibility to deploy virtual desktops to the cloud.

Correct Answer: BC

Not A: The latest versions can not be used. Not D, not E: No current cloud licensing exists.

* Scenario:

/ Current Licensing Solution

A Datum recently signed an Enterprise Agreement that includes Office Professional Plus, Windows Enterprise Upgrade, and Microsoft Core CAL Suite licensed per user.

Currently, all of the licenses for SQL Server are assigned to long-term workloads. / A Datum uses Microsoft Lync Server 2010, Microsoft SharePoint Server 2010, and Microsoft Exchange Server 2010. Various versions of Microsoft SQL Server are used heavily across the server farm both as an infrastructure product and as a data warehouse tool.

/ Business Goals A Datum spent a significant amount of time developing a custom application that will be used by hundreds of the company's partners and suppliers. The application will always run on the latest version of SQL Server and SharePoint Server. A Datum wants the application to be available to the users immediately.

QUESTION 5

A company is considering whether to purchase Microsoft Office 2013 preinstalled on a new computer or through a Volume Licensing agreement. For each of the following statements, select Yes if the statement is true. Otherwise, select No.

Hot Area:

Answer Area

	Yes	No
Office Professional Plus 2013 can only be purchased through a Volume Licensing agreement.	<input type="radio"/>	<input type="radio"/>
Office Standard 2013 with Software Assurance (SA) can only be purchased through a Volume Licensing agreement.	<input type="radio"/>	<input type="radio"/>
Office Professional 2013 preinstalled on a computer is licensed to run in a Virtual Desktop Infrastructure (VDI).	<input type="radio"/>	<input type="radio"/>

Correct Answer:

Answer Area

	Yes	No
Office Professional Plus 2013 can only be purchased through a Volume Licensing agreement.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Office Standard 2013 with Software Assurance (SA) can only be purchased through a Volume Licensing agreement.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Office Professional 2013 preinstalled on a computer is licensed to run in a Virtual Desktop Infrastructure (VDI).	<input type="checkbox"/>	<input checked="" type="checkbox"/>
