QUESTION 1

The default output Format for a report may be set on which of the following two items?

A. Query

B. Visualization

C. Report

D. Report Folder

E. Report View

Correct Answer: A

QUESTION 2

A developer has a source system provided by another company. One of the columns in a table has spaces before each piece of data and is in uppercase which makes the reports unreadable. How can this be solved in a data module?

A. there is no built in capability for this in a data module and the developer needs to create a calculation for this

B. there is no built in capability for this in a data module and the report needs Trim and Lower calculations added to it

C. using the \\'Clean\\' menu item on the data item

D. using the \\'Prepare\\' menu item on the data item

Correct Answer: A

QUESTION 3

In a Data Module a developer creates a joined view from two tables (a and b) and then joins this to another table (c). What would be the execution logic in the database?

A. All queries are collapsed and a standard join across all three tables (a, b, c) is performed.

B. The columns used in table (c) are are joined on the key to table (b) first and then the results are post-joined to table (a).

C. It makes no difference to the execution as a joined view is only used to group data items in a logical manner to help the business user find their data.

D. The joined view (a and b) is evaluated and all results are then post-joined to the other table (c).

Correct Answer: D

QUESTION 4

Which of the following is an example of when the query cache would avoid roundtrips to the database?

A. repetitive master-detail requests

B. drill through reports

C. reports with multiple queries

D. drill down reports

Correct Answer: A

QUESTION 5

In a report, which of the following is true when enabling the local cache property on a query?

A. Local cache is only supported on batch re|

B. Data is cached and may improve performance.

C. A complete result set is cached for all queries in the model.

D. The scalability of a report is negatively impacted.

Correct Answer: A
