QUESTION 1

You want to configure users and security in the OpenPages application using the Automated Users and Role Assignment tool (AURA).

Which two tasks are configurable? (Choose two.)

A. Loading new users

B. Loading new Role Templates

C. Changing existing user passwords

D. Loading user password policies

Correct Answer: AC

QUESTION 2

Which two statements about primary parent relationships are true? (Choose two.)

A. If an object has multiple parents and you disassociate it from its primary parent, it will automatically be assigned a new primary parent.

B. Cascading operations on objects such as locking or unlocking are based upon primary associations.

C. You cannotchange an object\\\'s primary association from one parent object to another.

D. An object can have multiple primary parent relationships.

Correct Answer: AB

QUESTION 3

Click the Exhibit button.

This is a portion of a workflow job type for Issue Approval.
It contains a start node, two task nodes, and an exit node.
Assume that the tasks are assigned to users who will perform
the necessary approvals for an issue being remediated in OpenPages.
Assume that the labels shown here are the same as the labels in the
user's locale in OpenPages.

Referring to the exhibit, when the executive goes to complete the user\\'s Executive Approval task from the TaskDetails page in the OpenPages user interface, which settings would be available to the end user?

A. Accept, Complete, Reassign

B. Approve, Reject, Reassign

C. Accept Approval, Reject, Reassign

D. Accept Approval, Reject, Decline

Correct Answer: C

QUESTION 4

You are running the FastMap data load utility to import a template containing a set of data that contains some validation errors.

What will EastMap do next?

A. FastMap will attempt to partial\\' import the correct data and report the errors of the data that could not be loaded.

B. FastMap will use a fail-fast approach by stopping on the first validation error and reporting it before continuing.

C. EastMap validates the entire workbook being imported and reports all validation errors found and allows a corrected workbook to be imported to restart the process.

D. EastMap auto-corrects validation errors by using smart-defaults to correct values for any error.

Correct Answer: C

QUESTION 5

What must you do before entering information about the user, user account, and creating the new OpenPages user?

A. Assign the user at least one profile.

B. Select the group to which the user will belong.

C. Assign the user at least one role.

D. Ensure that the organizationstructure has been finalized.

Correct Answer: B
