**QUESTION 1**

What are three reasons why you would choose an Active Form over other report styles? (Choose three.)

- A. When the user needs to drill down and drill up on rows
- B. When the user needs to drill down and drill up on columns
- C. When the user needs to suppress zeros
- D. When there is a need to dynamically format cells
- E. When the user needs to move dimensions around the report

Correct Answer: ACD

---

**QUESTION 2**

Which three statements are correct about aliases? (Choose three.)

- A. Aliases must be unique within the dimension.
- B. Subset (user defined consolidation) cannot be the same name as an alias.
- C. Aliases can be used for alternative languages.
- D. There can only be one alias per dimension.
- E. Aliases must only contain non-numeric string characters.

Correct Answer: ABC

---

**QUESTION 3**

A user would like to export data from a TM1 Web Cube View so that subsequent data changes on the TM1 server will not affect the exported data.

Which two export options should the user select? (Choose two.)

- A. Slice to Excel
- B. Snapshot to Excel
- C. Export to PDF
- D. Slice to Active Form

Correct Answer: BC

---

## QUESTION 4

What are three reasons why you would use Cognos BI Reporting rather than TM1 Web? (Choose three.)

- A. You must merge data from different cube sources.
- B. You require bursting of reports.
- C. You require different report versions.
- D. You require data entry capability.
- E. You require highlight capability for reports.

Correct Answer: ABC

---

## QUESTION 5

A user entering numerical data into TM1 Application Web places a hold consolidate on North America with three children: Canada, USA, and Mexico. At the time the hold is placed, the value of North America is \$30.00, with each child value set at \$10.00. A user subsequently adds \$10.00 to the value of Canada.

Which statement is correct?

- A. "North America" increases \$10.00, "USA" and "Mexico" remain unchanged.
- B. "North America" remains unchanged. "USA" and "Mexico" are reduced by \$5.00 each.
- C. "North America" remains unchanged, "USA" is reduced by \$10.00, "Mexico" remains unchanged.
- D. All values are on hold, so the add function is ignored.

Correct Answer: B
