QUESTION 1

What is the lowest level default role that can create users in IBM Tivoli Endpoint Manager Web Reports?

A. Normal

B. Read-only

C. Read/Write

D. Administrator

Correct Answer: D

QUESTION 2

What function does the setting BESRelay_Register_Affliation_AdvertisementList perform?

A. It provides relays and servers the group they affiliate with.

B. It provides a relay with the list of agents it is allowed to affiliate with.

C. It provides agents, relays, and servers the list of relays to affiliate with.

D. It provides agents with the location on the server that stores the advertisement list.

Correct Answer: A

QUESTION 3

What is the recommended way for an IBM Tivoli Endpoint Manager Console operator to apply a patch to a specific group of computers?

A. They need the approval of a release manager.

B. There is nothing to do once required patches are on a Content Server.

C. Use IBM Tivoli Remote Control to apply recommended patches to each computer in the group.

D. Select the correct Fixlet that contains the patch to be applied, select an action that initiates the Deployment Process, and then select a group of computers.

Correct Answer: D

QUESTION 4

Which two types of operators can log into the IBM Tivoli Endpoint Manager Console? (Choose two.)

A. Operator

B. Super User

C. Administrator

D. Master Operator

E. Site Administrator

Correct Answer: AD

QUESTION 5

IBM Tivoli Endpoint Manager V8.1 (TEM) is being deployed in a highly distributed environment, and there are many remote locations with very slow WAN links back to a company\\'s headquarters. How should relays be deployed to avoid excessive WAN traffic?

A. Use a single relay in each remote location and use bandwidth throttling set to maximum.

B. Use redundant relays in each remote location to ensure that Agents have a fail-over relay.

C. Use a single relay in each remote location because multiple relays will congest the WAN connection.

D. Use redundant relays at headquarters to ensure remote location WAN connections are not congested.

Correct Answer: B
