QUESTION 1

A customer is observing the Asset tab on the QRadar console and is getting duplicate assets in the console.

What is the reason for this asset duplication?

- A. There are multiple heterogeneous assets present in environment.
- B. There are multiple assets having same configuration details present in environment.
- C. QRadar creates duplicate assets after a specific periodic interval without considering asset activity or inactivity.
- D. Asset doesn't appear in network for specific time period; when it came back QRadar detects it and created a new asset for the same.

Correct Answer: C
