QUESTION 1

You want to assign a logical system name to a business system in the System Landscape Directory for an IDoc scenario.

Why do you use logical system names?

- A. To enable the IDoc adapter to resolve the technical system name in the SOAP header without further configuration
- B. To allow the Integration Directory to automatically determine the corresponding receiver
- C. Because it is required by the ALE distribution model in the sender system
- D. To enable the resolution of a business system name into an ALE logical system name and vice-versa

Correct Answer: D

QUESTION 2

Which of the following configuration tasks do you have to perform to set up the Process Integration sender JDBC adapter to query a database table? (Choose two)

- A. Insert the class of the vendor JDBC driver in the communication channel.
- B. Insert a query SQL statement in the communication channel.
- C. Set the HTTP POST statement in the communication channel.
- D. Specify the client of the Integration Server.

Correct Answer: AB

QUESTION 3

Which of the following interface patterns uses the Web service runtime? (Choose three)

- A. Stateless
- B. Stateless (compatible with XI 3.0)
- C. Tentative Update and Compensate/Confirm (TUandC/C)
- D. Stateful E. Synchronous

Correct Answer: ACD

QUESTION 4

Which of the following are characteristics of integration flows? (Choose two)

- A. You can work with the Integration Directory and Enterprise Service Repository in one common UI.
- B. Once the scenario has been configured in the Integration Directory using an advanced configuration object, the integration flow object is generated.
- C. You can navigate directly from an integration flow to its Enterprise Services Repository objects (interfaces and mapping objects).
- D. Integration flows can only be transported using the Transport Management System.
- E. You can use metadata defined in the Integration Directory.

Correct Answer: AC

QUESTION 5

Where can you maintain content-based routing?

- A. In the value mapping group
- B. In the sender agreement
- C. In the receiver agreement
- D. In the receiver determination

Correct Answer: D
