**QUESTION 1**

In which circumstance do you typically need to create a new metric family?

- A. Each time you create a new monitoring profile
- B. Each time you create a custom vendor certification
- C. When you need to monitor a new type of technology
- D. When you want to restrict what you monitor to maximize performance

Correct Answer: C

---

**QUESTION 2**

When you edit vendor certifications using the New Vendor Certification wizard, which action can you perform?

- A. Change the priority of custom vendor certifications.
- B. Modify metric expressions in custom vendor certifications.
- C. Add metric expressions to out-of-the box vendor certifications.
- D. Change the name and description of custom vendor certifications.

Correct Answer: B

---

**QUESTION 3**

In which circumstances is it particularly appropriate to use the multi-tenancy features of CA Performance Management?  
(Choose two)

- A. To administer several customer environments from a single instance of CA Performance Center
- B. To make it easier to configure CA Performance Center and its data sources for multiple languages
- C. To segregate device monitoring in large business units, departments, or regional offices from each other
- D. To have CA Performance Center reconcile the identity of a single managed item that is monitored by multiple data sources into a single item in the inventory

Correct Answer: AC

---

**QUESTION 4**

How can Data Collector poll logs help you troubleshoot? (Choose two)

- A. They help you to address user login problems.

- B. They enable you to examine SNMP traffic between a Data Collector and a specific IP address.
- C. They help you to debug synchronization problems between CA Performance Center and the Data Aggregator.
- D. They help you to resolve issues such as unexpected dashboard values and metric family discovery not working.

Correct Answer: BD

---

## QUESTION 5

- A. Help icons bring you to the correct section of the online help.
- B. Information on users and roles is available in the Data Aggregator guide only.
- C. Online help is solely accessible from the Help link in the upper-right corner of the CA Performance Center UI.
- D. The administration guides might save you time when you are attempting an unfamiliar administrative operation.

Correct Answer: AD
