Correct Answer:

Step		Order
	Identify assets	1
	Identify risks	2
	Implement change management	3
	Implement patch deployment	4
	Implement recurring scanning schedule	5

### QUESTION 3

DRAG DROP

Drag the following Security Engineering terms on the left to the BEST definition on the right.

Select and Place:

## Security Engineering

Security Risk Treatment

## Definition

The method used to identify the confidentiality, integrity, and availability requirements for organizational and system assets and to characterize the adverse impact or consequences should the asset be lost, modified, degraded, disrupted, compromised, or become unavailable.

Threat Assessment

A measure of the extent to which an entity is threatened by a potential circumstance or event, the adverse impacts that would arise if the circumstance or event occurs, and the likelihood of occurrence.

Protection Needs

The method used to identify and characterize the dangers anticipated throughout the life cycle of the system.

Risk

The method used to identify feasible security risk mitigation options and plans.

Correct Answer:

## Security Engineering

## Definition

Protection Needs

The method used to identify the confidentiality, integrity, and availability requirements for organizational and system assets and to characterize the **adverse impact or consequences** should the asset be lost, modified, degraded, disrupted, compromised, or become unavailable.

Risk

A measure of the extent to which an entity is threatened by a potential circumstance or event, the adverse impacts that would arise if the **circumstance or event occurs, and the likelihood of occurrence.**

Threat Assessment

The method used to identify and characterize the dangers anticipated **throughout the life cycle of the system.**

Security Risk Treatment

The method used to identify feasible security **risk mitigation options and plans.**

### QUESTION 4

#### HOTSPOT

Which Web Services Security (WS-Security) specification maintains a single authenticated identity across multiple dissimilar environments? Click on the correct specification in the image below.

Hot Area:

Correct Answer:

---

## QUESTION 5

DRAG DROP
