- A. The cost of hardware taken into account in the project budget
- B. The cost of additional work in the project due to defects and inefficiencies in code and project design
- C. The acronym of "directly evaluating binary testing"
- D. The cost of implementation of keywords in Keyword Driven Testing, which is to be performed by technical tester

Correct Answer: A

QUESTION 3

In the web application you are testing, a button on a page can be enabled or disabled Given the following code

```
from selenium.webdriver.support import expected_conditions as EC
from selenium.webdriver.common.by import By
from selenium.common.exceptions import TimeoutException
def click_by_xpath(driver, path):
    try:
        element = wait(driver, 5).until\
            EC. [convenience method] ((By.XPATH, path))
        element.click()
    except TimeoutException:
        element = None
    return element
```

Which of the following wait convenience methods is the MOST appropriate to replace [convenience method] above to click on an enabled button?

- A. visibility_of_element_located

- B. element_to_be_clickabl^
- C. invisibility_of_element located
- D. presence_of_element_located

Correct Answer: D

QUESTION 4

Assume that within the ACME com homepage there exists the following edit box:

```
<input id="id-search-field" name="q" type="search" role="textbox"
class="search-field" placeholder="Search" value="" tabindex="1"
/>
```

and that it is the only text box with the name "q" Lookat the following lines of code:

```
I. drv.get_screenshot_as_file("python_homepage.png")
II. from selenium import webdriver
III. edt_search = drv.find_element_by_name("q")
IV. drv = webdriver.Ie()
V. drv.get("http://acme.com")
```

What is the correct sequence of above lines to take a screenshot of ACME.com homepage?

- A. IV, II, V, I, III
- B. II, IV, I, V, III
- C. II, IV, III, V, I
- D. II, IV, V, I, III

Correct Answer: C

QUESTION 5
