QUESTION 1

A multinational company with operations in several parts within EU and outside EU, involves international data transfer of both its employees and customers. In some of its EU branches, which are relatively larger in size, the organization has a works council. Most of the data transferred is personal, and some of the data that the organization collects is sensitive in nature, the processing of some of which is also outsourced to its branches in Asian countries.

For the outsourced work of its customers\' data processing, in order to initiate data transfer to another organizations outside EU, which is the most appropriate among the following?

- A. The vendor (data importer) in the third country, and not the exporter is responsible to put in place suitable model contractual clauses, and hence the exporter does not need to take any action.
- B. Since the data is processed by the vendor outside the EU, the EU directive does not apply and hence there are no legal concerns
- C. The data exporter needs to initiate model contractual clauses after obtaining approvals from data protection commissioner and have the vendor be a signatory on the same as data importer
