## QUESTION 1

Which Solutions Enabler daemon is responsible for Gatekeeper management?

- A. storapid
- B. storstpd
- C. storgnsd
- D. storsrvd

Correct Answer: A

Reference <https://www.emc.com/collateral/TechnicalDocument/docu78907.pdf> (p.145)

---

## QUESTION 2

A VMAX3 system administrator needs to create a SRDF relationship for a planned data migration. Which replication mode of SRDF is recommended for the initial bulk data transfer?

- A. Adaptive Copy Disk
- B. Synchronous
- C. Asynchronous
- D. Adaptive Copy Write Pending

Correct Answer: A

SRDF/Synchronous (SRDF/S), SRDF/Asynchronous (SRDF/A), and SRDF Adaptive Copy are the basic operation modes of SRDF. The first two are valid for Oracle database protection and maintain dependent write-order consistency. The third is useful for bulk data transfers or in combination with more complex SRDF solutions such as SRDF/Automated Replication (SRDF/AR)

## QUESTION 3

When is the SRP Utilization Alert enabled in a VMAX3 array?

- A. During the Unisphere for VMAX installation
- B. An SLO has been applied to a TDEV
- C. An SLO has been applied to a Storage Group
- D. During the Solutions Enabler installation

Correct Answer: A

Reference: <https://www.scribd.com/doc/313371192/VMAX3-Configuration-Management-Student-Guide>

---

## QUESTION 4

If the Solutions Enabler 8.0.x lockbox password is lost, which method can be used to recover the password?

- A. Password cannot be recovered
- B. symcfg command
- C. Unisphere for VMAX
- D. stordaemon command

Correct Answer: A

---

## QUESTION 5

A storage administrator currently has three snapshots with generation numbers 0,1, and 2. After adding a TimeFinder SnapVX snapshot, what is the generation number of the new snapshot?

- A. 0
- B. 1
- C. 2
- D. 3

Correct Answer: A

Each time a new snapshot with the same name is created (on the same source device), the new snapshot becomes generation 0, and all of the previous generation numbers are incremented. SnapVX supports up to 256 snapshots per source device. Reference: <http://ireland.emc.com/collateral/TechnicalDocument/docu68926.pdf>
