QUESTION 1

Can the option "Windows Shell Shortcut creation: Do Nothing" be used in combination with the RES Workspace Manager Shell?

A. Yes, and applications will not be managed.

B. Yes, and the session will not be managed.

C. No, RES Workspace Manager will not continue when the session is started

D. No, RES Workspace Manager will automatically revert to `Replace\\'.

Correct Answer: D

QUESTION 2

What is an advantage of a Relay Server?

A. It allows RES Workspace Manager to use the IP address of the originating client to resolve Zones.

B. RES Workspace Manager will not try to verify whether a server in an UNC path can be reached.

C. Agents that connect to Relay Servers do not need to have a database driver installed.

D. It makes it possible to split your existing RES Workspace Manager Datastore to a primary and secondary location.

Correct Answer: C

QUESTION 3

You want to protect your Relay Server against unauthorized Agent connections. How can that be done?

A. Configure an Administrative Role without access to the Relay Servers.

B. Enforce protocol encryption between the Relay Server and the Agents.

C. Configure an environment password for the Relay Servers.

D. Create a Scope without access to the Relay Servers.

Correct Answer: C

QUESTION 4

The environment is using the Relay Server. How can an administrator accomplish a direct database connection with an individual RES Workspace Manager Agent?

A. Block the Relay Server in the firewall.

B. Use the `Datastore connection\\' option in the .Connections\\' tab of the RES Workspace Manager Agent.

C. Change the config.xml

D. Set the option `Connect directly to the Datastore\\' on the Agents node.

Correct Answer: B

QUESTION 5

Which of the following statements about Scope Control are true?

1.

 Only one Scope can be active for an administrator within the Management Console.

2.

 When a Scope is active for an administrator, objects in the Management Console may appear read- only.

3.

 A Scope cannot be limited to a certain Workspace Container.

4.

 A Scope cannot be limited to a certain Zone.

A. 1 and 2 only

B. 1 and 3 only

C. 2 and 4 only

D. 2, 3 and 4 only

Correct Answer: C
