QUESTION 4

What are the major differences between the experience age and the information age?

- A. The experience age is about people working together, in the same office, with better technology, to solve shared problems.
- B. The experience age is centered around the experiences people have while learning, including which school they attended and how it prepared them for future work.
- C. The experience age is about how the VR technology is changing our lives and our experiences.
- D. The experience age is centered around experiences, smart technology, and efficiency, with people working anywhere, at any time, often in shared offices or caf?.

Correct Answer: D

QUESTION 5

How do the enhanced and premium HP DaaS plans differ from the standard plan?

- A. They isolate web content into a virtual machine or a sandbox, where malware cannot affect other tabs, applications, or the operating system.
- B. They provide services to simplify the device lifecycle management, starting with strategic guidance, planning, and design through to deinstallation, sanitization, and recycling services.
- C. They provide non-standard SLAs and services to simplify the device end of life (EOL).
- D. They provide more analytics, enhanced hardware protection, higher levels of security, and application management.

Correct Answer: D
