QUESTION 1

Which Software Security Center pricing model has a minimum of 10 contributing developers?

- A. Lines of Code
- B. Build to Order
- C. Flexible Deployment
- D. Consultant

Correct Answer: A

QUESTION 2

Match the opportunity types with the characteristics of customs.

- | | |
|--|----------------------|
| use technology as a competitive advantage; mature development shops; largest strategic customers | <input type="text"/> |
| slow technology adopters; traditional large "Brick and Mortar" with small development-to-employee ratio, but for whom security is still vital (IP, brand protection) | <input type="text"/> |
| decentralized, hard-to-mandate development teams; technology is core business; often early adopters | <input type="text"/> |
| testers or vulnerability list generators and small ISVs with no comprehensive SSA needs | <input type="text"/> |

Hot Area:

use technology as a competitive advantage; mature development shops; largest strategic customers

Tactical
Service-Intensive
Product-Intensive
Strategic/Full Solution

slow technology adopters; traditional large "Brick and Mortar" with small development-to-employee ratio, but for whom security is still vital (IP, brand protection)
