QUESTION 1

A solution architect is discussing the appropriate storage solution for an SAP HANA TDI implementation for a mid-sized customer. Is this a storage system configuration that should be presented to show the HPE portfolio for this type of HANA implementation model?

HPE 3PAR StoreServ 8000 series in a hybrid or all-flash configuration

A. Yes

B. No

Correct Answer: B

QUESTION 2

A customer sends an RFP for their SAP HANA environment solution design. Partitioning technologies have to be used to enable large scale-out configurations. Does this platform support this requirement?

HPE Integrity Superdome X.

A. Yes

B. No

Correct Answer: B

QUESTION 3

A solution architect is discussing the value of flash storage with a SAP HANA customer. Is this an argument that should be presented to the customer?

Flash meets HANA performance KPIs with at least one sixth the drive count compared to HDD.

A. Yes

B. No

Correct Answer: A

QUESTION 4

Is this how HPE Serviceguard Extension for SAP (SGeSAP) resumes operations when a hardware failure is detected?

SGeSAP leverages SAP system replication software mirroring and automates the required steps to bring HANA back to operation.

A. Yes

B. No

Correct Answer: A

HPE Serviceguard software provides a clustering solution for SAP HANA scale-up and scale-out instances. The solution leverages the SAP system replication software mirroring and automates the required steps to bring HANA back to operation after any component failure. This includes HANA memory reconfigurations, secondary HANA instance takeovers and primary HANA instance demotions, virtual IP address moves and dual purpose instance handling. The scale-out cluster solution implements a many-tomany failover of all HANA nodes of the instance. It aims to cover Disaster Recovery scenarios and complements the host auto-failover HA solution that is built into HANA by SAP to protect against single node outages.

QUESTION 5

Is this a tool that a solution architect can use to create HPE ConvergedSystems 500 Scale-up configuration, including bill of materials? HPE Ninja Sizer

A. Yes

B. No

Correct Answer: B
