QUESTION 1

For each of the given items, select the appropriate authentication category from the dropdown choices. Instructions: When you have completed the simulation, please select the Done button to submit.

Hot Area:

Authentication Category

Instructions: When you have completed the simulation, Please Select the Done Button to Submit

Select the appropriate authentication type for the following items:

Item	Response
Retina scan	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Smart card	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Hardware Token	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Password	<input type="text"/> Something you have Something you know Something you are All given authentication categories
PIN number	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Fingerprint scan	<input type="text"/> Something you have Something you know Something you are All given authentication categories

Correct Answer:

Authentication Category

Instructions: When you have completed the simulation, Please Select the Done Button to Submit

Select the appropriate authentication type for the following items:

Item	Response
Retina scan	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Smart card	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Hardware Token	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Password	<input type="text"/> Something you have Something you know Something you are All given authentication categories
PIN number	<input type="text"/> Something you have Something you know Something you are All given authentication categories
Fingerprint scan	<input type="text"/> Something you have Something you know Something you are All given authentication categories

QUESTION 2

You are the security administrator. You need to determine the types of security. Drag the items “Types of Security” to appropriate Security devices.

Configure the Firewall

Task: Configure the firewall (fill out the table) to allow these four rules:

1. Only allow the Accounting computer to have HTTPS access to the Administrative server.
2. Only allow the HR computer to be able to communicate with the Server 2 System over SCP.
3. Allow the IT computer to have access to both the Administrative Server 1 and Administrative Server 2

Correct Answer: Use the following answer for this simulation task.

Explanation/Reference:

Source IP	Destination IP	Port number	TCP/UDP	Allow Deny
10.4.255.10	10.4.255.101	443	TCP	Allow
10.4.255.10	10.4.255.2	22	TCP	Allow
10.4.255.10	10.4.255.101	Any	Any	Allow
10.4.255.10	10.4.255.102	Any	Any	Allow

www.lead4pass.com

Note: All servers in the bottom have the same IP address, so something is wrong with this question.

QUESTION 3

You have been tasked with designing a security plan for your company. Drag and drop the appropriate security controls on the floor plan-Instructions: All objects must be used and all place holders must be filled Order does not matter When you have completed the simulation, please select the Done button to submit.

Select and Place:

Floor Plan

Instructions: All objects must be used and all place holders must be filled. Order does not matter.
When you have completed the simulation, please select the Done button to submit.
