QUESTION 4

DRAG DROP

You are a Dynamics 365 for Finance and Operations system administrator.

Users have been creating advanced queries for filter data on forms. They want to be able to save the filter data for later use and access those views when they log in.

You need to instruct them in how to do this.

Which four actions should end users perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Select and Place:

Select the saved query	
Click Save as filter	
Click Configure	
Filer the data in the grid via the advanced filter	
Right-click and select Personalize this form	
Click Options, and then select Add to workspace	
Select the workspace and presentation	
Add the All Customers form to favorites	

Correct Answer:

Select the saved query	Filer the data in the grid via the advanced filter
Click Save as filter	Click Options, and then select Add to workspace
	Select the workspace and presentation
	Click Configure
Right-click and select Personalize this form	
Add the All Customers form to favorites	

QUESTION 5

SIMULATION

You are a functional consultant for Contoso Entertainment System USA (USMF).

You need to create a new calendar named Work Week that will be defined as follows:

1.

Open from Monday to Friday from 09:00 to 17:00

2.

Closed all day Saturday and Sunday

To complete this task, sign in to the Dynamics 365 portal.

Correct Answer: explanation

You need to create a working time template and a working time calendar.

Create the template:

1.

Click Organization administration > Common > Calendars > Working time templates. Click New to create a new line.

2.

On the Overview tab, in the Working time template field, enter an alphanumeric identifier of up to 10 characters.

3.

In the Name field, enter a descriptive name for the template.

4.

Select the tab that corresponds to the day of the week that you want to define working hours for, and click Add to create a new line.

5.

In the From field, enter the starting time for the day or the period (09:00).

6.

In the To field, enter the ending time for the day or the period (17:00)

7.

Repeat steps 4 through 6 for each day of the week ensuring that Saturday and Sunday are marked as closed then save the template.

Create the calendar:

1.

Click Organization administration > Common > Calendars > Calendars.

2.

On the toolbar, click New to create a new line.

3.

In the Calendar field, enter a unique identifier of up to ten characters.

4.

In the Name field, enter Work Week.

5.

Click Working times, and then click Compose working times to create or update working times for the calendar.

6.

In the Calendar field, select the name of the calendar (Work Week) to compose working times for.

7.

In the From date field, enter the first date to compose working times for. By default, the field contains the current date.

8.

In the To date field, enter the last date to compose working times for. By default, the field contains a date that is one year from the current date.

9.

In the Working time template field, select the template you created. 10.Click OK.
