## QUESTION 5

Which statement is true when creating Statistical Accounts?

- A. The Unit Type field can be changed after saving a Statistical Account.
- B. The Include Children checkbox is greyed out when selecting Subsidiaries for a Statistical Account.
- C. A Statistical Account is debit positive and not excluded from foreign currency translation.
- D. Currency-specific fields do not display when creating a Statistical Account.

Correct Answer: C

Explanation:

A statistical account is always debit positive, and is always excluded from foreign currency translation.
