#### QUESTION 1

Which of the following authentication services should be replaced with a more secure alternative?

- A. RADIUS
- B. TACACS
- C. TACACS+
- D. XTACACS

Correct Answer: B

---

#### QUESTION 2

Sara, a security technician, has received notice that a vendor coming in for a presentation will require access to a server outside of the network. Currently, users are only able to access remote sites through a VPN connection. How could Sara BEST accommodate the vendor?

- A. Allow incoming IPSec traffic into the vendor's IP address.
- B. Set up a VPN account for the vendor, allowing access to the remote site.
- C. Turn off the firewall while the vendor is in the office, allowing access to the remote site.
- D. Write a firewall rule to allow the vendor to have access to the remote site.

Correct Answer: D

---

#### QUESTION 3

Which of the following access controls enforces permissions based on data labeling at specific levels?

- A. Mandatory access control
- B. Separation of duties access control
- C. Discretionary access control
- D. Role based access control

Correct Answer: A

---

#### QUESTION 4

Hot Area:

## Authentication Category

Instructions: When you have completed the simulation, Please Select the Done Button to Submit

Select the appropriate authentication type for the following items:

| Item             | Response   |
|------------------|--|
| Retina scan      | <input type="text"/><br>Something you have<br>Something you know<br>Something you are<br>All given authentication categories |
| Smart card       | <input type="text"/><br>Something you have<br>Something you know<br>Something you are<br>All given authentication categories |
| Hardware Token   | <input type="text"/><br>Something you have<br>Something you know<br>Something you are<br>All given authentication categories |
| Password         | <input type="text"/><br>Something you have<br>Something you know<br>Something you are<br>All given authentication categories |
| PIN number       | <input type="text"/><br>Something you have<br>Something you know<br>Something you are<br>All given authentication categories |
| Fingerprint scan | <input type="text"/><br>Something you have<br>Something you know<br>Something you are<br>All given authentication categories |

Hot Area:

## Authentication Category

Instructions: When you have completed the simulation, Please Select the Done Button to Submit

Select the appropriate authentication type for the following items:

| Item             | Response  |
|------------------|---|
| Retina scan      | <div style="border: 1px solid black; padding: 5px;"><div style="text-align: right; border-bottom: 1px solid black; margin-bottom: 5px;">▼</div><p>Something you have</p><p>Something you know</p><p>Something you are</p><p>All given authentication categories</p></div> |
| Smart card       | <div style="border: 1px solid black; padding: 5px;"><div style="text-align: right; border-bottom: 1px solid black; margin-bottom: 5px;">▼</div><p>Something you have</p><p>Something you know</p><p>Something you are</p><p>All given authentication categories</p></div> |
| Hardware Token   | <div style="border: 1px solid black; padding: 5px;"><div style="text-align: right; border-bottom: 1px solid black; margin-bottom: 5px;">▼</div><p>Something you have</p><p>Something you know</p><p>Something you are</p><p>All given authentication categories</p></div> |
| Password         | <div style="border: 1px solid black; padding: 5px;"><div style="text-align: right; border-bottom: 1px solid black; margin-bottom: 5px;">▼</div><p>Something you have</p><p>Something you know</p><p>Something you are</p><p>All given authentication categories</p></div> |
| PIN number       | <div style="border: 1px solid black; padding: 5px;"><div style="text-align: right; border-bottom: 1px solid black; margin-bottom: 5px;">▼</div><p>Something you have</p><p>Something you know</p><p>Something you are</p><p>All given authentication categories</p></div> |
| Fingerprint scan | <div style="border: 1px solid black; padding: 5px;"><div style="text-align: right; border-bottom: 1px solid black; margin-bottom: 5px;">▼</div><p>Something you have</p><p>Something you know</p><p>Something you are</p><p>All given authentication categories</p></div> |

Correct Answer:

## Authentication Category

Instructions: When you have completed the simulation, Please Select the Done Button to Submit

Select the appropriate authentication type for the following items:

| Item             | Response  |
|------------------|---|
| Retina scan      | <input type="text"/><br><input type="text"/> Something you have<br><input type="text"/> Something you know<br><input type="text"/> Something you are<br><input checked="" type="text"/> All given authentication categories |
| Smart card       | <input type="text"/><br><input checked="" type="text"/> Something you have<br><input type="text"/> Something you know<br><input type="text"/> Something you are<br><input type="text"/> All given authentication categories |
| Hardware Token   | <input type="text"/><br><input type="text"/> Something you have<br><input type="text"/> Something you know<br><input checked="" type="text"/> Something you are<br><input type="text"/> All given authentication categories |
| Password         | <input type="text"/><br><input type="text"/> Something you have<br><input checked="" type="text"/> Something you know<br><input type="text"/> Something you are<br><input type="text"/> All given authentication categories |
| PIN number       | <input type="text"/><br><input type="text"/> Something you have<br><input checked="" type="text"/> Something you know<br><input type="text"/> Something you are<br><input type="text"/> All given authentication categories |
| Fingerprint scan | <input type="text"/><br><input type="text"/> Something you have<br><input type="text"/> Something you know<br><input type="text"/> Something you are<br><input checked="" type="text"/> All given authentication categories |

#### QUESTION 5

A system administrator is responding to a legal order to turn over all logs from all company servers. The system administrator records the system time of all servers to ensure that:

- A. HDD hashes are accurate.
- B. the NTP server works properly.
- C. chain of custody is preserved.
- D. time offset can be calculated.

Correct Answer: D
