QUESTION 1

In OS X, the "Connect to Server" command in the Finder supports which of these network file protocols? (Select TWO.)

- A. ADC
- B. AFP
- C. FTP
- D. NCP
- E. P2PP

Correct Answer: BC

QUESTION 2

In the screenshot, click the icon of the preference pane where you turn on the OS X personal firewall.

Hot Area:

Correct Answer:

QUESTION 3

Review the screenshot then answer the question below.

The screenshot shows a standard Mac password change dialog box. It has a light gray background and rounded corners. At the top left, the text "New password:" is followed by a text input field. To the right of this field is a small square button containing a key icon. Below the first field is the text "Verify:" followed by another text input field. Below that is the text "Password hint:" followed by a larger text input field, with "(Recommended)" written in smaller text below the hint label. At the bottom of the dialog, there are two buttons: a white button with a gray border labeled "Cancel" and a blue button with white text labeled "Change Password".

Using the interface shown in the screenshot, how can you make a Mac generate a random password?

- A. Click the Change Password button and choose Random from the New popup menu.
- B. Option-click in the "New password" field and choose Random from the New pop-up menu.
- C. Control-click in the "New password" field and choose Random from the New pop-up menu.
- D. Click the Key icon to open Password Assistant and choose Random from the Type pop-up menu.

Correct Answer: D

QUESTION 4

What happens if you block all incoming connections in the "Firewall service" options in OS X?

- A. Your Mac won't be able to obtain an IP address from a DHCP server.
- B. File servers on your local network won't be visible in the Finder's network browser.
- C. Files on your Mac that are shared using Personal File Sharing will be inaccessible to users on the network.
- D. The Mail application on your Mac will no longer receive incoming messages from a mail server.

Correct Answer: C

QUESTION 5
