QUESTION 1

Which can be defined in and limited to a specific folder and its subfolders? Choose 4 answers A. Permissions to run jobs and Pipeline

- B. Credentials
- C. View definitions
- D. Plugins
- E. Pipeline shared libraries

Correct Answer: ABCE

QUESTION 2

Which is the about the "Build Triggers" functionality in Jenkins?

- A. It allows you to customize what specific IP address will never be able to trigger a build.
- B. It allows you to trigger a build under certain conditions, such as GitHub/BitBucket push events, deployment ratifications,
- C. It can only be configured on Freestyle projects.
- D. It allows you to customize the mail to be sent to developers after a failing build.

Correct Answer: B

QUESTION 3

You are using GitHub repository scanning (in a project of type "GitHub Organization") with the Pipeline Jenkinsfile Project Recognizer. In this case, which repositories under the organization will have Multibranch projects automatically created for them?

- A. only repositories that contain a Jenkinsfile in all their branches
- B. only repositories that contain a Jenkinsfile in at least one branch
- C. all repositories that contain a Jenkinsfile in at least one branch or pull request
- D. all repositories

Correct Answer: A

QUESTION 4

Which of the following are true about the "post" section of a Declarative Pipeline that defines additional steps that run at

the end of either a pipeline stage or the pipeline itself? Choose 3 answers

- A. The "post" section can be used to stash files, archive artifacts, and send notifications.
- B. The "post" section includes conditional blocks (such as "always", "success", or "failure").
- C. If any step specified in the "post" section fails, the pipeline run is marked as "unsuccessful".
- D. The Blue Ocean editor does not display the "post" section blocks although they can be viewed and modified in the Blue Ocean code editor.
- E. The conditional blocks are executed in the order they are coded in the Pipeline.

Correct Answer: BCE

QUESTION 5

Which are Source Code Management tools?

Choose 3 answers

- A. Java
- B. Perforce
- C. Subversion
- D. Git
- E. Maven

Correct Answer: BCD

QUESTION 6
