Correct Answer: B

QUESTION 15

Click the Task button. Match each HP CloudSystem software product with its function(s).

Select and Place:

Match each HP CloudSystem software product with its function(s).

HP CloudSystem Software

- [place here]
- [place here]
- [place here]
- [place here]

Functions

- provisions operating systems and applications
- provides workflows for Sitescope
- creates systems from the resource pool
- monitors managed systems

HP CloudSystem Software

- HP Operation Orchestration
- HP Insight Orchestration
- HP Site Scope

Done

Correct Answer:

Match each HP CloudSystem software product with its function(s).

HP CloudSystem Software

- HP Insight Orchestration
- HP Operation Orchestration
- HP Insight Orchestration
- HP Site Scope

Functions

- provisions operating systems and applications
- provides workflows for Sitescope
- creates systems from the resource pool
- monitors managed systems

HP CloudSystem Software

- HP Operation Orchestration
- HP Insight Orchestration
- HP Site Scope

Done
